

CHAMPAIGN COUNTY  
REGIONAL PLANNING  
COMMISSION

## REQUEST FOR PROPOSAL

### INSULATION, HVAC, PLUMBERS, CARPENTERS, AND APPLIANCE CONTRACTORS NEEDED

The Champaign County Regional Planning Commission (RPC) will be accepting proposals from contractors interested in participating in the Illinois Home Weatherization Assistance Program (IHWAP) during the period of **October 1, 2022, through September 30, 2023**. The RPC will conduct informational meetings on Wednesday, August 10, and Tuesday, August 30, at both 9am and 1pm on both days for all interested parties. The informational meeting will be held at the RPC's office at 1776 E. Washington Street, Urbana, IL 61802.

All contractors interested in pre-qualifying as a contractor for the IHWAP must call our office at **217-819-4033** as soon as possible to register their company name. Registrations will be accepted up to 24 hours before the meeting.

These meetings will explain IHWAP and allow for pre-qualification application materials to be completed by the contractors. All contractors who attend will be given a contractor pre-qualification application, labor specification list, and sample project work order. All pre-qualification application materials are due by 9am on Friday, September 16, 2022, at the RPC office.

Only those attending the meeting will qualify for contract consideration. Applications will be evaluated and scored, and the contractor(s) whose qualifications are most advantageous for IHWAP and the RPC will be invited to discuss pricing and be extended contracts for the 2023 program year.

Contractors for IHWAP provide services such as installing insulation, HVAC systems and repairs, water heater systems, caulking, weatherstripping in addition to minor repairs in structure, plumbing, and electrical systems. There are many ways to participate in this program and further details will be provided at the contractor meetings. Please remember to call **217-819-4033** and let us know if you will attend a meeting.

**New:** The Illinois Clean Energy Jobs Act and the Bipartisan Infrastructure Law are set to **DOUBLE** the Weatherization budget in Illinois by 2027! Now is the perfect time to get introduced to the program. We will have over \$600,000 worth of IHWAP work in Champaign County this year. Our goal is to complete over 50 projects! We cannot do it without participating local businesses.

**The RPC is an equal-opportunity employer. Small, minority-owned, and women-owned businesses are encouraged to apply.**
